Raiderettes Lose Six At Graduation

The Appomattox Raiderettes, closing out a 19-0 season and a 35 game winning streak that goes back into December of 1972, will lose six seniors at graduation. The 19 games won this year included the Seminole District and the Sectional for the girls. The six seniors graduating are Mary Louise McCraw, Trish Book, Sue Moore, Teresa Smith, Margie Hamlett and Rita Inge.

Mary Louise was a Tri-Captain on the team and was also player of the year in the Seminole District for the second time. She averaged a little over 14 points per game during the regular season and a little over 10 per game during the Seminole and Sectional tournaments. She was one of the teams leading rebounders, leaders in assist and a good ball handler. She plans to enter Longwood College in Farmville this fall and major in Physical Education.

Trish Book, a Tri-Captain also was one of the top scorers for the Raiderettes as she averaged over 14 points during the regular season and almost 15 per game during the tournaments. She was picked to second team of the girls All-Star team in the Seminole District. She plans to work this summer and enter Madison College in the fall where she will major in Physical Therapy.

Sue Moore, a guard, did most of the ball handling for the Raiderettes and setting up plays. She was not a big scorer, but was very tough on defense. She plans to work after school, getting a job in the business field.

Teresa Smith, the other Tri-Captain, plans to get a job this summer and may go to Longwood College in the future where she would like to major in Physical Ed. Her presence was always felt on the floor by the other team as she could block shots and also did a good job rebounding. She only averaged about five points per game but had the ability to score more as she hit in double figures a couple of times.

Margie Hamlett, not a starter, saw a lot of action as a sub and seem to always get the job done for the Raiderettes. She saw action in 17 of the plans on entering St. Paul's College in Lawrenceville this fall and majoring in Business Administration.

Rita Inge was also used as a sub as she was also used mostly for rebounding and defense. She may work this summer and enter Madison College this fall. She had not decided on her major as of yet.

The other members of the Champion Raiderettes for the 1973-74 season are: Sharon Kidd, Mary Jane Smith, Cindy Smith, Cindy Harris, Carla Lipford, Debbie McIvor, Cynthia Hunter, Jan Stanley and Estelle Daniel.

The Raiderettes scored 1034 points, an average of 54.4 per game and the stingy defense allowed only 633 points, an average of 33.3 per game.

Congratulations to Mrs. Martin and the Raiderettes and good luck in the coming years.

HEART ASSOCIATION TO CONDUCT SCREENING AND EDUCATIONAL PROGRAM

RICHMOND- The Virginia Heart Association will conduct a high blood pressure screening and educational program during March and April, Dr. Monte L. Binder of Newport News, president, announced today.

Working on a grant from the Virginia Regional Medical Program, the Heart Association will coordinate the screenings through its local divisions and units. The objective is to screen 25,000 Virginians in 25 counties and cities where approval has been granted by the local medical society.

Blood pressure readings will be taken by medical personnel, drawing largely on local nurses and nursing students, and by trained laymen. Those persons found with elevated blood pressure readings, during the Heart Association screening sessions, will be referred to their physician for medical follow up.

Studies indicate that high blood pressure probably affects one in every six adults in Virginia. Nationally there may be more than 23 million cases of hyper-tension, a disease that can lead to major health complications - such as heart attack, stroke and kidney problems - unless properly treated.

It is estimated that half - approximately 11.5 million - of those who have the disease are not even aware of it. Only half of those who do know are receiving any treatment at all. And only half of that group is receiving proper medical treatment.

High blood pressure can be easily detected. It is simple painless, quick and does not require the person to undress.

Exact locations and dates will be announced soon.

The equipment and other materials purchased for this program will later be used by the Heart Association in a continuing program of high blood pressure screening throughout the state.

Scotts Pre Spring Sale

There's one thing every lawn needs in spring...

Feeding. It's the single most important thing you can do for *any* lawn in spring. And when it comes to feeding, more lawnowners choose TURF BUILDER than any other fertilizer. Turf Builder isn't like those "flash in the pan" fertilizers that release their nutrients fast, causing surge growth and extra mowing. Instead Turf Builder feeds slowly, over a prolonged period. Result? Your lawn greens up. Grows denser and sturdier. And it stays that way longer.

Keep a friend close by.

An economical and stylish extension telephone is a convenience in any home. But to lots of people, it means even more than a way to save time and steps. For the wives of businessmen who travel, an extension telephone in the bedroom can offer more security as a quick way to summon aid in the event of a crisis. For the homebound elderly, an extension telephone by the bedside may be a necessity. In an emergency, a life may depend on it. An extension telephone means more than convenience. It's like having a friend close by!

New London Goes NHRA

Tom "Slick", "Sister" Sally, and "Honest" Jim (operating as 3-G Racing Associates) watched the last car drive out of the gate last season and as the dust settled and the sun began to set, they were already formulating plans for the 74 racing season. Part of those plans was a switch to the National Hot Rod Association, although at first Tom wasn't sure the NHRA group would want to handle a small track. Buster Couch, Division II Director (Southeastern U.S.A.), visited the New London facilities in November, liked what he saw and the switch was official. Then in January, the local crew hustled off to the Track Operators Meeting in Atlanta, Georgia and attended the Rebel Ball and Banquet on January 12. It was a noteable type of gathering, with all the Division II Drag Racing Champions and Track Operators on hand and the group met Wally Parks, President of NHRA.

3-G Racing Associates were suitably impressed by their first meeting with the sanctioning body and feel they came away with a lot of new ideas, hopefully leaving some behind as well.

Now that New London is NHRA, the rules will be slightly different than in the past season, but not that different. There are no major changes and 3-G doesn't expect anybody to have any trouble adapting.

Something else new at the track this year will be the awarding of a free pit pass to any car carrying four or more adults. Tom hopes this will encourage car pools and help save on gas. Also in the planning stages is the establishing of a bus service from Lynchburg. The track hopes to get response from people in the area to see what they think of the idea, another way New London is hoping to cut down on gas consumption.

Facilities at the track remain at their high standard, with a clean concession area and adequate facilities. A fenced play area with toys and sand box will be provided for the children. New London is a great place to bring the whole family for an afternoon of fun and relaxation and children under 8 are admitted free.

Local favorite, Sonny Leonard, is planning to compete in the season opener on April 7. Sonny has come a long way with his CAmero, "The-Southern Rat," in the last year and he says it's updated for '74 and should prove to be quicker than last year when he copped Modified Eliminator honors at the 73 season final. And to help out his racing buddies (and foes), Sonny's opened a new speed shop known as "Sonny's Automotive" on 12th Street in Lynchburg.

Also on April 7th, look for Robert Ashley, who will be campaigning a new super trick Don Hardy built (yup!) Vega. Some well known racers expected to return to New London this season include: Dave Mack (current NHRA and AHRA record holder for AA/GD), Francis Crider, Ferd Napfel, Bill Gwyn, James Shelton, Pete Shadinger, and most other hard running racers on the East Coast.

As in the past, New London's scedule is small so that every race is big and every race has a special feature. Opening Day, April 7, is Competition Eliminator with $3000 cash for the racers, with the 8 quickest cars to qualify (to NHRA national record) with $500 going to the winner and $350 to the runner-up, plus round money. Other race dates include May 12, June 2, July 21, August 18, and September 22.

Judy Morris

Takes 1st Place In Clerical Event

Judy Morris, daughter of Mr. and Mrs. J. E. Morris of Spout Spring, placed first in the Clerical Event at the Longwood Regional Meeting held on March 9, 1974. She will compete on the state level in Roanoke, April 26-28.

Judy has been a very active member this year by doing such things as: selling candy and trash bags, she helped with the teachers tea, made cookies for two different occasions, and she has attended all chapter meetings. She is also in the National Honor Society, Latin Club and FHA.

Our chapter is very proud of Judy for winning such an award and for her work in FBLA.

FBLA Officers

Julie Moore, daughter of Mr. and Mrs. Wallace Moore, was elected Longwood Regional President of the Future Business Leaders of America, Saturday, March 9, 1974 at Longwood College. In the Longwood Region, there are 1226 members representing 26 schools. As Regional President, Julie will be a state vice-president and serve on the state board.

Julie has been an outstanding member this year. She is now serving as Chaplin of the Appomattox Chapter. She was on the Homecoming Float Committee and the Scrapbook Committee. Julie has attended all meetings, sold candy, made pies for swap and shop and she was a guide for open house at ACHS. Julie will attend the Massanetta Conference this summer, July 15 through July 21.

Sheila Franklin, daughter of Mr. and Mrs. Allen Franklin will be serving as Julie's Corresponding Secretary. Sheila is now serving as 2nd Vice - President of our local chapter and was Co Chairman of FBLA Week.

Gay Honeycutt, daughter of Mr. and Mrs. Robert Honeycutt, will be serving as Regional Parliamentarian. She is presently holding the office of FBLA Reporter. She is co-chairman of the publicity Committee and the Social Committee.

These girls will attend the State Future Business Leaders of America Conference at the Hotel Roanoke April 26-28.

Radial tires punctures can only be repaired if they occur in the tread between the two major outer grooves, and only if the puncture is less than ¼ inch in diameter, tire experts say.
